- Prevents Hot Tire Pickup

*Return of vehicles to garage 24 hours after project completion.

Durable, Long-Lasting, Easy-to-Maintain Coatings for Your Home

FLEXMAR™ NextGen™ polyaspartic coatings lead the concrete coatings industry by outperforming and outlasting other polyaspartics, epoxies, and polyurethanes. They're rugged enough to withstand abrasion, scratching, and wear from heavy foot and vehicle traffic, and staining and degradation from most household foods and chemicals. But they're beautiful enough to provide a bright, clean, revitalized appearance to your home.

Impervious to Chemicals

Scratch Resistant

Chip Resistant

Color Won't Fade or Yellow

FLEXMAR™ NextGen™ Polyaspartic Coatings Offer Exceptional Performance

4X MORE DURABLE THAN EPOXIES

 **0-Voc**

 **Virtually No Odor**

 **All Season Installation**

 **Non-Yellowing**

 **Long Life**

 **Withstands Hot-Tire Pickup, Not Tire Staining**

 **Easy To Clean**

Resinous, Liquid Applied, Seamless Flooring

Resinous

Two-component NextGen polyaspartic coatings systems.

Liquid Applied

Flexmar NextGen polyaspartics are poured and rolled onto the concrete flooring.

Decorative

Vinyl chips are broadcast to rejection into the still-wet polyaspartic base coat.

Seamless

Cracks and seams are filled in and ground to create a seamless surface.
